

"THE COOLEST STORE IN TOWN," EVERYBODY SAYS SO.

# House Cleaning Week at Walker's Store

This is house cleaning week, and we have got to "go some" to get rid of the quantities of goods accumulated from the Summer business. Greater than ever before has been the magnitude of the business done by this great store, and consequently, greater are the quantities of odds and ends of seasonable merchandise left to clean up. Although the selling season is practically over still there are at least two months of hot weather left, and you will need fresh things to carry you through. This great house cleaning gives you an opportunity to replenish your summer wardrobe at a very small outlay. Read some of the price concessions—many more to be found at the store. Many Factory Lots and Mill Ends to close, and the reductions in all cases will be almost unbelievable.
